

*WE Tech Solutions is a Finnish clean-tech company that develops, sells and delivers energy efficiency solutions for the global shipping industry. The core of our solutions is based on applied variable frequency drive technology, variable speed power generation and DC-link power distribution for marine installations. WE equip ships for success. For more info visit [www.wetech.fi](http://www.wetech.fi)*

As our business is expanding, we are searching for a Skilled **Quality Manager** to join our team.

**Main responsibilities:**

- Ensure that the company has an effective management system that will address Quality, Occupational Health & Safety and Environmental best practices.
- Participate in external audits performed by customers
- Conduct quality audits/surveys of suppliers and internal stakeholders
- Support internal stakeholders in claim handling and follow-up with suppliers
- Plan, implement and follow up actions to reduce non-conformities
- Support the management in Lean thinking and process development
- Plan, implement and follow up of KPI targets
- Continuous improvement responsibility.

**Requirements:**

- M.Sc. or B.Sc. or similar in relevant field
- Minimum of 5 years of experience in working with quality and process development
- Strong knowledge of quality tools and methods
- Strong organisational skills with high attention to detail and sense of urgency in dealing with tasks
- Excellence in team working and communication in multicultural environments
- Ability to take responsibility and make decisions independently
- Fluency in English, written and spoken
- Experience in power generation and/or marine solutions seen as a merit
- Training in Six Sigma, FMEA, or any other standard of good quality practices seen as a merit.

WE Tech offers you a competitive salary and good employee benefits. WE offer you the agility of a young and international company with possibilities to use and develop your skills in a wide area of expertise. WE offer an inspiring workplace with a seaside location in the heart of the city of Vaasa.
